DEPARTMENT OF OBST.& GYNAE**

25th March, 2023

Report: World Down Syndrome Day

A public Awareness program was organised by Department of Obstetrics & Gynaecology on World Down Syndrome Day on **21st March 2023** in Himalayan hospital.

The program aimed at increasing public awareness and sensitisation about Down syndrome, screening and holistic management of children born with Down Syndrome. The public was addressed by Prof. Dr. AK Deorari (Principal, HIMS), Prof. Dr SL Jethani (CMS, Himalayan Hospital), Prof. Dr Ruchira Nautiyal (HOD OBG) and Prof. Dr Anil Rawat (HOD Paediatrics). A skit (*nukkad natak*) was performed by resident doctors of OBG dept for the public awareness especially in expecting mothers. Charts & posters were made by resident doctors and displayed for public creating awareness about screening of expecting mothers and early initiation of therapy for children with down Syndrome for medical, speech, physical and vocational development. The posters were judged by faculty of department of Paediatrics Dr Rakesh Kumar and Dr Sonam. The program was attended by faculty and nurses from Paediatrics and Gynaecology department.
