The Department of Community Medicine, Himalayan Institute of Medical Sciences (HIMS), Swami Rama Himalayan University (SRHU) organized a Continued Medical Education (CME) program on “One Health”, Theme: One World, one health- United for human, Animal and Environmental well-being. Which emphasized the interconnectedness of human, animal, and environmental health. The CME aimed to enhance understanding among healthcare professionals regarding integrated disease surveillance, zoonotic disease prevention, and collaborative health approaches.

The speakers included Dr Narayan Singh Negi, Joint Director, Dept of Animal Husbandry, Govt of Uttarakhand; Dr Arpana Singh, Assistant Professor, Dept. of Microbiology, HIMS, SRHU; Dr Gourav Kumar, Associate Professor, School of Biosciences, SRHU and Dr. Ashutosh Kumar Choudhary (Associate Professor) from the Dept of Applied Sciences & Humanities (Environmental Science) School of Science & Technology, SRHU.

**Highlights:**

1. Antimicrobial resistance and its impact on human health
2. Human interference in the biotic and abiotic environment
3. Urbanization, Biodiversity Loss, and their impact on disease emergence: A One Health Perspective.
4. Intersectoral coordination with the veterinary, agriculture, urban planning and environment departments

Dr Jayanti Semwal

(Professor & Head)
