Dear Mr. Farhan,

Thank you for your time today.

Below is a brief introduction about our company and the quality of talent we are recruiting for.

ABOUT US:

The old ways of working have come and gone. For IT to stay relevant to the businesses, it must play the part of an enabler in their growth story. This requires a collaborative effort of people, processes, and technology that puts emphasis on achieving the twin goals of high efficiency and high quality.

Aloha Technology enables enterprises all over the world to develop a competitive advantage by making their current operations efficient & cost-effective. With over 16 years of experience, 1000+ employees, and 3 development centers in India, Aloha Technology is a leading provider of Information Technology Services. Aloha's global presence includes a workforce of designers, application developers, computer scientists and engineers, and digital technology and subject matter experts ready to serve the growing 21st-century information and technology service needs of clients. We are always on the lookout for enthusiastic, highly motivated, and get-it-done mindset individuals to join our family for unlocking differential value today for enterprises of tomorrow.

JOB DESCRIPTION:

We are looking for a Software Developer to build and implement functional programs. You will work with other Developers and Product Managers throughout the software development life cycle. In this role, you should be a team player with a keen eye for detail and problem-solving skills. Your goal will be to build efficient programs and systems that serve user needs. Our development teams work on a diverse range of technology stacks including Java, Python, PHP, Angular, C/C++, Node, .NET, Ruby, React, HTML/CSS, JavaScript, Microsoft technologies, Salesforce, AWS, Android, iOS, and many more to engineer the next-gen IT solutions.

COMPENSATION AND SALARY: Considering the scope and the skills required for this position and the opportunities for career progression, we are open to offering a package ranging from 3.0 - 5.0 LPA in accordance with the candidate's skillset, campus benchmarks, and industry standards. We are open to discussing further if any other details or clarity are required.

CANDIDATE QUALIFICATION:

Degree: BE/B.Tech/ (CS/IT, EC), MCA or Equivalent.

PROCESS: (Hybrid - Online and On-campus)

Step1: Online Aptitude Test

Step2: PI - Technical Round

Step3: PI - HR Round

I also want to know the below information:

- Total Students (CS/IT/E&TC)
- List of Top 30 Students with Total Marks/Percentage till recent semester.

Please do not hesitate to get in touch with me if any further information is required.

Thanks & Regards,

Ivo Pereira

Dear Mr. Farhan,

As discussed on the phone we are finalizing the recruitment drive on 25th February 2025. Please make sure the number of students shared in the list should be available during interview sessions.

We will require two personal cabins for interviews.

Thanks & Regards,

Ivo Pereira

Dear Mr. Farhan,

Following the recent campus drive conducted at SRHU, I am pleased to share the list of selected students as follows:

1. Devyani - MCA
2. Aman Aggarwal - MCA
3. Ritika Nager - B.Tech.

Offer letters will be sent directly to the students' registered email IDs.

We appreciate the support during the recruitment. We look forward to working together again.

Thanks & Regards,

Ivo Pereira
